Dear Mr Roberts,

I refer to the above application. The material details are not adequate and require further clarification. I will need to know the precise colour of cladding proposed and the precise tile colour proposed. I am concerned that the proposed use of slate would not be appropriate in this location since the neighbouring properties all have plain tiles which are red or brown in colour. The cladding should also match the render to reduce the visual prominence of the building. I note that white painted properties exist opposite the site and this colour would be in keeping.

I would appreciate confirmation of your clients intentions within 2 weeks of the date of this e-mail, or the DOC will be determined on the basis of the submitted information.

Regards

Anita Gardner
