Environmental Health: A suitable Acoustic Report prepared in accordance with the provisions of BS4142, to predict the effect of noise generated by the proposed business on the nearest noise sensitive residencies, has been outstanding since my original comment on this application. My comment 21 September 2016 drew attention to this matter. This, unfortunately, means that I am again not in a position to be able to agree to discharge of Condition 3 of the Planning Permission. I look forward to receiving this report at your earliest convenience
