Dear Mr Tulley,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application for Works to Trees(s) subject to a Tree Preservation Order(TPO)

Development: T1 - Ilex Oak
50% Height reduction from 9m to 4.5m
Removal of Easterly leaning bough, due to the lean and extent of Decay
The tree was reduced by 1m in 2018, whereby significant die back and decay was found
The tree now has a 500mm cavity at the base and has substantial decay in major bough sections.
The multi-stemmed form could eventually fail given the cavity at the base.

Reasons:

The reduction serves to alleviate the weight of the trunk sections to make safe and hopefully remove die-back to live wood, for re-generation.
