Hello Mr Chalk,

The amendments to the application are fine by me.

Kind regards,
Drew

Subject: R/40/22/T

Good morning Mr Curran,

I have received consultation from our Tree Officer regarding the above application. We are happy with the crown reduction works but do not believe a crown lift to 6m all around is appropriate. The Tree Officer has concluded the following:

- 'As it stands, I am unable to support this application. I would like the applicant to be invited to revise the crown lifting element of their proposal to lesser works (as described below) as part of the current application so as not to incur further delay. Such work would go some way to addressing their concerns whilst preserving more of the tree's landscape and public amenity value:

Crown lift to achieve a maximum of: Six metres overhead clearance above carriageway (south aspect of crown), four metres overhead clearance above area of landscaped garden (east aspect of crown), three metres overhead clearance on all other aspects.'

I am in agreement with the Tree Officer. We would like to request that the suggested works noted above are made as an amendment to the existing application so as to not incur any delays with the existing application.

If agreeable, could I request your approval to amend the application to reduce the extent of the crown lifting to that of the extent noted above by **12/05/22**?

Kind regards,
Harry

Harry Chalk
