This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals which include up to 5 residential units or extensions to single units accessed from roads that do not form part of the Strategic Road Network (SRN). As such the comments provided by Local Development should be considered to be advice only, with respect to this planning application.

This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. A site visit can be arranged on request.

I refer to your consultation in respect of the above planning application and would provide the following comments.

The works do extend over the public highway, and as such traffic management may be required whilst the works are being undertaken. The Statutory Undertaker will also need to submit the necessary notification to the Highway Authority independently and any traffic management will also need to be agreed with the WSCC Coastal Team prior to works taking place.

There would be no concerns with this proposal.

INFORMATIVE

The applicant is advised to contact the Coastal Team, Community Development and Big Society, Communities and Infrastructure Directorate, Centenary House, Durrington Lane, Durrington, Worthing, West Sussex BN13 2QB to obtain a license for the works on the highway.
