

39 Park Drive BN16 3DY

T1

T2

The first two trees are a cherry plumb and a Hawthorne in good health located at each side of the driveway, both trees are in good health but are in need of maintenance, the proposed work would be to crown reduce both trees by 1.5 metres in order in maintaining them long term.

The other trees are two *Robinias* again in good health, the proposed work would be to crown reduce both trees by 1.5 metres in order in maintaining them long term and remove all dead wood.
