

7. Identification of Trees.

(3)

G6 TPO 12/1985/R

A/B. Holly and Bay.

Reduce in height by maximum of 3 metres and reshape trees accordingly.

Crowns to be lifted to a height required in order not to obstruct pedestrian pathway and vehicles sight line not obscured or impaired. Estimate 1.5 metres.

Thin and cut out any dead wood as appropriate.

C) Evergreen American Oak (self seeded and not subject to TPO)

Reduce in height by estimated 2metres

Lift crown by 1 metre

Remove overhanging branches to roof of 47, The Street in order to minimise erosion of brickwork caused by damp condition as tree too close to building.

Note:- similar works were carried out over ten years ago and are now in need of attention
