

11, Windmill Drive
Rustington.

20 APR 2022

As you will see I am a resident of Windmill Drive.

At ninety years of age the Windmills intended extensions etc are of little interest to me — but what is, is the thought that one of their visitors out for a late night meal or what ever might have parked outside my bungalow and as my bedroom is in the front, I do not want to be woken up or disturbed by late night revellers, people having been out having a good time eating and drinking are usually very vocal when they return to cars.

Maybe the Windmill should rethink the idea of bar.b.q., spa & pool, and pay attention to where their visitors are going to park. What good is 27 parking spaces to all they intend to do.

Use Room the "School room" A.M.P.M.

and this is getting longer and longer,
and we do not need cars parked
up here at night disturbing a quiet
road of elderly folk.
