Date
07/05/2020

Dear Sir/Madam,

Proposal: Erection of 1 No. new detached, 2 storey, 3 bedroom dwelling within the side garden to 19 The Bramblings, and associated parking and hard and soft landscaping. This development is CIL Liable.

Site: R/66/20/PL: - Land adjacent to 19 The Bramblings, Rustington, BN16 2DA.

Thank you for your letter dated 08/04/2020.

Southern Water requires a formal application for a connection to the public foul sewer to be made by the applicant or developer. We request that should this application receive planning approval, the following informative is attached to the consent:

A formal application for connection to the public sewerage system is required in order to service this development. Please read our New Connections Services Charging Arrangements documents which has now been published and is available to read on our website via the following link:

southernwater.co.uk/infrastructure-charges

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

The proposed development would lie within a Source Protection Zone around one of Southern Water's public water supply sources as defined under the Environment Agency's Groundwater Protection Policy. Southern Water will rely on your consultations with the Environment Agency to ensure the protection of the public water supply source.

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.
