FROM: Ian Brewster TO: Peter Cleveland

PLANNING APPLICATION Ref: R/6/12/T

BRIEF DESCRIPTION: Elm Farm 34 The Street Rustington BN16 3PA

INSPECTION DATE: 3rd February 2012

RECOMMENDATION:

Advice ☐ Informative ☐ Conditions ☒

Partial Objection ☐ No Objection ☒ More Information required ☐

Tree Replacement ☐ Dead/Dangerous ☒ Minor / Perpetual work ☐

Inappropriate species ☐ Good Amenity ☐ Abate a Nuisance ☐

Comments:

The five Evergreen Oak trees as described within the application are in a poor condition and the proposed pruning work is acceptable. I would suggest a Condition for re-pollard as follows;

CONDITION Re-Pollarding

The pollarding cut should be made above a height to retain existing foliage/budding growth. The individual pollard branch must be shortened above a suitable lateral branch or by retaining a 300-600mm length live stub. The final pruning cut must be clean, smooth and perpendicular to the direction of the pollard branch. (Reference: BS3998 (2010) Section 7.10)

REASON

'In order to ensure a satisfactory standard of tree surgery in the interests of retaining good health and amenity in accordance with policy GEN7 of the Arun District Local Plan'.
