Hello Mr Pearce,

I have noticed that the description for this application does not note a couple of things within the application. It is my assumption that the extension will be constructed following the removal of the existing conservatory, but also I notice that there is a new window to be added on the northern (side) elevation. Could I get approval from you and your applicant to make amendments to the description? It currently reads 'Erection of single storey rear extension' It would be amended to read 'Erection of single storey rear extension and installation of new side window, following removal of existing conservatory'. If agreeable, please provide explicit written confirmation of approval for these changes as soon as possible so as to not incur any delays.

Kind regards,
Harry
