Dear Rhiannon,

Apologies for the delayed response. It appears I replied to the last email using the wrong address.

I have received confirmation that the planners wish to use RAL 7016 Anthracite Grey for the first-floor window frames.

I have also added these notes to the proposed elevation drawings, (please find attached).

Please do not hesitate to contact me should you require any additional information.

Kind regards,

Billy

Dear Mr lees,

I write to you to query the proposed materials for the frames of the shop front alterations and the first-floor windows to be installed. The application form indicates powder coated aluminium frames, but I am unclear that this is reflected on the plans. I am also not clear on the colouration. The shopfront has a fair bit of flexibility with colour, however, clarification regarding the colour of the frames at first floor would be appreciated. I would also advise that if the client is confident in the materials and colours they will be selecting, confirmation of this may be an opportunity to avoid the need for any materials discharge condition to be attached to any grant of permission.

If you could come back to me promptly, it would be appreciated. If not, please be advised that I will soon be leaving the Council, with my last working day be Friday this week (31/07/26). As such, if you would relay any confirmation/correspondence on this matter to Daniel.Vick@arun.gov.uk so that it can be relayed to any Officer that would be taking over this application, that would be best.
