FAO: Mr T Bloomfield

Dear Sir,

Reference Planning Application : R/90/18/HH

9 Park Drive, Rustington, West Sussex

I am aware of a recently re-submitted planning application applied for by the owner/ occupiers of the above address. I strongly opposed the first application and object to this most recent application on the same grounds which are as follows.

The first floor west facing rear aspect of 9 Park Drive directly overlooks my property, my garden currently enjoys privacy facing east, however the proposed flat roof of an extension (which will in time of course become a balcony) as laid out in the re-submitted plan would have an enormous impact on my privacy and my garden would be completely viewed from above compounded by reduced light during the winter should the roof be raised to accommodate a larger second floor. In addition, the proposed extended space to include a flat roof would be deemed as an entertaining area resulting in unacceptable noise levels. I would genuinely like to add that I have over the last year had experience of noise, loud music etc. up until 4.00am from 9 Park Drive, and as much as this is an issue for the environmental department, I don't wish to encourage it by facilitating extra space at higher levels for more of the same which is an invasion of my privacy and furthermore hardly conducive to the integrity of the area.

I have been a resident of St. Anthony's Way for 28 years, it and the surrounding roads are quiet, residential, family and retirement friendly. I do not believe that the plans proposed in respect of 9 Park Drive are in the best interest of the road or its inhabitants.

I would like to register my objection for the reasons as stated above.

Yours Faithfully
