Ref. Planning Application R/ 90/18/HH at No:- 9 Park Drive, Rustington.

Dear Sir,

Having inspected the details and drawings of the applicants further revised proposals shown on the Councils web site, we are writing to state that we feel that no further objections are necessary from us as the applicants have made some positive compromises regarding the height of the roof however we still have concerns regarding the French doors on the rear 1st floor elevation above the proposed new single storey flat roof extension and if permission is granted by the council planning committee we would like to request that the committee place a condition on the approval that states in the future the roof of the single storey extension cannot be converted into a balcony /terrace and that the rear 1st floor French door cannot be used as access to the said possible balcony / terrace without a further planning application. Therefore, this would give the side and rear neighbours the security of knowing their privacy will not be compromised.

Yours faithfully

Mr P & Mrs C Sadler
