Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: R/92/20/PL
Site Address: 6 Manor Road Rustington BN16 3QT
Description of works: Demolition of existing garage & store on existing dwelling & erection of 2 No detached bungalows to rear.

Thank you for your internet representation made on 8th June 2020 which has been recorded as an objection with the comments as follows:

OWPC27595

With reference to this application, I refer you to the original planning application (R/72/19/PL) which was also proposing two dwellings located in a back garden development and was refused on the grounds of the site by virtue of its size and shape, and subsequently was considered unsuitable to accommodate 2 dwellings. Therefore, the proposal is contrived in design and would result in a form of development which would be detrimental to the residential amenities of future occupiers, contrary to policy DDM1(3) and DSP1 of the Arun Local Plan. This was subsequently appealed (W/4000366), and a report compiled by an inspector appointed by the secretary of state still considered this type of application to be unsuitable on the grounds of the following:

- whether the proposal would provide adequate living conditions for future occupiers
- the area has an established residential character and the site has existing residential development on all sides
- due to the back land form of the proposal the dwellings would not have any active street frontage, indeed due to the length of the plot and the relatively narrow accessway they would not be particularly visible from Manor Road
- the dwellings would be sited extremely close to each other and the boundaries of the site, essentially filling the entire width with built form
- design of the proposal would fail to provide adequate living conditions for future occupiers
- it would therefore conflict with Policy DSP1 of the Arun Local Plan (2018) which requires development to derive from a thorough site analysis and context appraisal

On reviewing these revised plans, even though the height of the dwelling has been addressed and the proposed garage has been removed, I see nothing in the revised plans which has addressed the concerns and subsequent refusal based on the finding of both Arun District Council and the Secretary of State on

appeal. I therefore still object to the proposed development.

Your views as made above will be considered before the application is determined.
