

WEST SUSSEX COUNTY COUNCIL CONSULTATION

TO:	Arun District Council FAO: Anita Gardner
FROM:	WSCC - Highways Authority
DATE:	17 June 2020
LOCATION:	6 Manor Road Littlehampton BN16 3QT
SUBJECT:	R/92/20/PL Demolition of existing garage & store on existing dwelling & erection of 2No detached bungalows to rear.
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	More Information
S106 CONTRIBUTION TOTAL:	n/a

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals which include up to 5 residential units or extensions to single units accessed from roads that do not form part of the Strategic Road Network (SRN). As such the comments provided by Planning Services should be considered to be advice only, with respect to this planning application.

This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. A site visit can be arranged on request.

I refer to your consultation in respect of the above planning application and would provide the following comments.

Site Background

The proposal is for the demolition of the existing garage to create an access road to the rear of the property with the construction of two new bungalows.

Previously the Local Highways Authority (LHA) received consultation on matters at this location under application R/72/19. This sought the same proposal with no new highways differences; the LHA gave advice on the proposal.

The Local Highways Authority (LHA) has viewed the submitted plans and documents, taking a view that the applicant has not submitted clear enough details to assist in the LHA's recommendation for the Local Planning Authority (LPA). The LHA has provided comments below outlining the issues. These amendments will allow the LHA to make a thorough decision on highways safety grounds.

The LHA wishes to outline the issues that will need addressing before a formal recommendation can be made to the Local Planning Authority (LPA). This list will be followed with more detail below.

- Access,
- Parking.

Access

The plans demonstrate the red edge highlighting part of the publicly maintainable highway to be included within the proposed works. The LHA asks, what work is proposed within this area?

Vehicle Parking

The applicant has not included the new parking area proposed for the existing dwelling. The LHA asks is this subject to the current planning application?

Electric Vehicle Charging (EV)

In the interests of sustainability and as result of the Government's 'Road to Zero' strategy for at least 50% of new car sales to be ultra-low emission by 2030, electric vehicle (EV) charging points should be provided for all new homes. The applicant is advised that for dwellings with a garage and driveway, 100% of parking spaces should be provided with active EV parking spaces in accordance with the Arun Parking Standards (adopted January 2020).

Conclusion

Please raise the above with the applicant and re-consult. Until such time, the LHA are not in a position to provide final comments until we receive the requested information as stated above.

The applicant and Local Planning Authority should be aware that the information provided for this request, might result in the need for further documentation upon resubmission.
