Your ref :R/1/18/PL

Dear Sirs,

Further to your letter granting planning permission for two parking spaces at the above address I write in answer to the queries raised,

The front boundary fence is to be constructed in a close boarded timber post and rail construction to a height of approximately 1200mm.

The parking spaces are to be formed with brick paviors laid on a type 1 sub-base with a central rainwater gully to dispel into new soakaway positioned in front garden.

I hope this is enough information for you and look forward to your reply as soon as possible to enable work to commence.

Yours faithfully,

Kevin Dowell.
