Subject: REF. R/94/19/PL RUSTINGTON CONVALESCENCE HOME DEVELOPMENT.

Madam/Sir

It has been brought to my attention that there has been proposed changes to block F of the Rustington Convalescence Home Development. Subsequent to the agreed and passed original scheme.

The original plans and elevations were for 2 semi detached properties of block F being 2 bedroom chalet type buildings which would have no invasion of the privacy of adjacent homes.

The proposed changes to larger 3 bedroom houses would effect and dominate areas in the front of 26,28,30,32 The Martlets. Also a high brick gable wall would overshadow no 34. Thus causing all these properties to be overlooked.

Although I am not directly affected by these changes I feel I need to support my neighbours/friends in the strongest of objections to these revised plans and the developers should be told to keep with the original plans for the development of the site.

One of our neighbours from no 32 bought their property after advice from their solicitors that their property would not be overlooked or affected by the development.

If you allow these changes will the developers come forward with more 'revised' applications, which will have an adverse affect on The Martlets. The developers with the greatest respect should be told to keep to the original acceptable plans which were agreed in 2015.

I would be grateful if you would acknowledge this email and let me know if you require a letter to be sent to you.

Kind Regards
Bill EDWARDS
