Dear Sir

I refer to our conversation on the 11th July regarding the Planning Application R/99/17/PL and confirm that you need to refer it to ANO which will delay the response..

During the conversation I confirmed the following:-

1. There are already UPVC windows in the building.
2. The proposed new UPVC windows are not in the 19th century building, but in the post war extensions.
3. Using UPVC windows will enable energy usage to be reduced.

4. The new UPVC windows are not visible from the public highway, ie The Street.

We trust this summarises our conversation on the 11th July.

If there are any further queries please do not hesitate to contact us.

Regards

Christopher Simmance
