4 In pursuance of their powers under this Act and related Orders and Regulations the Council PERMIT this development to be carried out in accordance with the application and plan and subject to compliance with the conditions specified.

CONDITION 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

CONDITION 2 The development shall not proceed until details of the proposed surface water and foul drainage and means of disposal have been submitted and approved by the Local Planning Authority. Surface water drainage shall be carried out in accordance with such details and in conjunction with associated building works. No building shall be occupied until the foul drainage works have been carried out in accordance with such details.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7, GEN9 of the Arun District Local Plan.

CONDITION 3 The premises shall be used only for purposes within Use Class B1 (A) and (C) as defined in the Town and Country Planning (Use Classes) Order, 1987.

Reason: To enable the Local Planning Authority to control the use of the premises in detail having regard to the amenities of nearby residential properties in order that the Local Planning Authority may regulate and control the use of the premises in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

CONDITION 4 No raw materials, finished or unfinished products or parts, crates, packing materials or waste shall be stacked or stored on the site except within the buildings or storage areas at any time approved by the Local Planning Authority.

All filling points, vents, gauges and sight glasses and overflow pipes shall be located within the bund. There shall be no outlet connecting the bund to any drain, sewer or watercourse or discharging onto the ground. Associated pipework shall be located above ground where possible and protected from accidental damage.

REASON: In order to prevent pollution of the water environment in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

CONDITION 7 Prior to being discharged into any watercourse, surface water sewer or soakaway system, all surface water drainage from parking areas and hardstandings shall be passed through trapped gullies to BS 5911:1982 with an overall capacity compatible with the site being drained.

Reason: In order to prevent pollution of the water environment in accordance with policy DEV1 of the West Sussex Structure Plan and policy GEN7 of the Arun District Local Plan.

CONDITION 8 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995, the building shall not be extended or altered in any way unless permission is granted by the Local Planning Authority on an application in that behalf.

Reason: In order to control the development in the interests of the character and appearance of this building group which is outside the built-up area, as defined, where normally only that development essential in the interests of agriculture/forestry is permitted in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

NOTES RELATING TO PLANNING APPLICATION
TOWN AND COUNTRY PLANNING ACT 1990

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the First Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so within 6 months of the date of this notice using a form which you can get from the Planning Inspectorate, Customer Support Unit, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

PURCHASE NOTICES

If either the local planning authority or the First Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town & Country Planning Act 1990.
