Thank you for consulting West Sussex County Council, Waste and Minerals on the above application.

The application site in question **does not** meet the criteria for consulting West Sussex County Council as set out in the *Minerals and Waste Safeguarding Guidance* therefore, the minerals and waste authority would offer a **no comment** to the proposed development. A summary of these thresholds is attached to this email and a short video (approx. 20 mins) explaining minerals and waste safeguarding and when the County Council should be consulted is available by clicking this link: <http://www2.westsussex.gov.uk/ssr/mwsfgrdngprsntr.ppsx>. To hear the audio, view the slides as a 'slide show'.

The decision maker should be satisfied that the proposals minimise waste generation, maximise opportunities for re-using and recycling waste, and where necessary include waste management facilities of an appropriate type and scale (Policy W23 of the West Sussex Waste Local Plan, 2014).
