Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

2 x detached 4 bedroom dwellings

This is a second application which mirrors WA/101/22/P and which was dismissed on appeal (APP/C3810/W/23/3318743). The application is re-submitted with evidence to demonstrate that the site is not located on ALC grade 3(a) land as incorrectly assumed by the appeal Inspector. The reason for dismissing the appeal was therefore unsound.

When policy SO DM1 is correctly applied, the proposed development becomes policy compliant as confirmed in the appeal decsion.
