Thank you for your internet representation made on 10th February 2022 which has been recorded as an objection with the comments as follows:

OWPC44252

The following section was somehow omitted from the objection I lodged yesterday.

Finally, this week a report was published about 'Transport and New Homes'. The BBC news article stated:

"Housing developments on former farmland are adding hundreds of thousands of extra car journeys to England's roads, a report has found. It says typical new 'greenfield' homes are designed around the car - with often three parking spaces per home. Essential services such as shops, schools and doctors are often almost impossible to reach on foot or by bike. The government planning department welcomed the report, agreeing new housing should depend less on cars."

These comments are directly relevant to this application. Please reject it.

Your views as made above will be considered before the application is determined.
