Good Afternoon Keri

Thank your for the attached plans.

They look fine, except the Proposed Ground Floor Plan needs to also include the window as shown on the Proposed Left Gable Elevation. Also for clarity, please can you clearly label the floor plans left and right elevation.

Many Thanks

Nicky

Afternoon Nicola,

Regarding our conversation Monday 21st March.

Please find the attached drawings showing the ground floor plan with standard doors and the right/left elevation with the scale removed.

We look forward to hearing from you soon to allow us to progress with the internal building work.

Kind regards

Keri

Good Morning Keri

With reference to the attached plans, there are still a couple of discrepancies, please see details below:

- Proposed Floor plan – is this for the Ground or First Floor? Please label accordingly and re submit. As the amendments are on both floors, we will require both floor plans.
- The plans do not scale correctly, the windows on the first floor both measure 1.30m. Please remove all references to the scale (1:50 and 1:100), and provide clear dimensions for the proposed doors (the window dimensions on the application are: 450mm x 450mm at 1100mm from the floor on east aspect of first floor), for clarity please confirm this is correct. When providing the dimensions please ensure it is clear which window/door they relate to.

I have tried to call a couple of times, and left a voicemail. Please feel free to give me a call if you have queries regarding the above.

Kind Regards

Nicky
