

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Hi Planning Responses,

Please could the below be uploaded to the above discharge of condition application?

Kindest regards,

James Cross Msc, Bsc (Hons), LCGI TP.

Hi James

Thanks for sending through the submitted plant schedule for the Native hedge and Native Copse Woodland Planting mixes.

The information has provided further clarity, but in order to be able to recommend discharge of Condition 9, detail in plan form re quantities still needs to be provided. ie actual quantities for the new hedges (appreciate more difficult to show for the gapping up) The information also needs to be shown in plan form ie plant numbers in location. (see extract from consultation below)

Further detail is requested to confirm the plant quantities for these areas and anticipated gapping up numbers. The detail is required to be shown on the submitted drawings and needs to show clearly quantities, species mix i.e. percentage of each within the species mix, planting densities (anticipated in gapping areas) and size of plants at time of planting.

This information is required in order for the full picture to be seen and avoidance of any doubt of what is being proposed.

Happy for this information to be hand annotated onto the drawing.

Regards

Sue

Hi Sue,

For comment following your consultation response. Is there any chance I could get revised comments before the BH weekend? I know everyone will be wanting to work to the same deadline.

Kindest regards,

James Cross Msc, Bsc (Hons), LCGI TP.

Dear James,

Thank you for forwarding the Landscape and Greenspace Team's consultation on the above.

Please find attached a planting schedule indicating anticipated planting densities and planting mix for the above as requested.

With kind regards

Paul Hughes
