Thank you for your internet representation made on 14th April 2025 which has been recorded as an objection with the comments as follows:

OWPC75658

the road and existing infrastructure is collapsing sink holes keep reoccurring. the original neighbourhood plan said the underground shifting sand would not facilitate any heavy traffic unless their was major work done to the road, which I have not seen. West Sussex highways have not maintained the road gullies despite their exceeded 4 year cyclic cleaning schedule. subsequently this I understand has moved to 2 years, reading between the lines we will be lucky to see this fine in 6 years and despite requests for schedules they have ignored this request!!

southern water have already objected and said no to further connections.

Why is this being requested again it's already been refused?

Regards Dermot
