Michael,

I have been informed that technical approval has yet been provided for this and as such I am unable to recommend that you can discharge the condition.

Regards

Stephen

Michael,

I'm awaiting comments from the S38 engineer who is on leave this week.

In addition I have been contacted by the applicant who are trying to gain agreement for the link to be utilised as a construction access, which I believe from the vehicle tracking provided would require amendment to the design. I have told them to contact you to discuss any planning changes required.

Stephen
