[REDACTED]

Morning Michael,
I am the engineer dealing with the Tye Lane Scheme.

- The main access works on Yapton Lane already have technical approval.
- The S106 works are being reviewed again today for some minor changes – I'm hoping to grant TA this week for this scheme.
- The Emergency access doesn't appear to be part of the above and an official application has not yet been submitted to me for this phase.

Kind regards

[REDACTED]

[REDACTED]

Stephen,

Do you know when technical approval will be provided so that the LPA can discharge the condition?

Regards,

Michael

[REDACTED]

Michael,

I have been informed that technical approval has yet been provided for this and as such I am unable to recommend that you can discharge the condition.

Regards

Stephen

[REDACTED]

Michael,

I'm awaiting comments from the S38 engineer who is on leave this week.

In addition I have been contacted by the applicant who are trying to gain agreement for the link to be utilised as a construction access, which I believe from the vehicle tracking provided would require amendment to the design. I have told them to contact you to discuss any planning changes required.

Stephen

It would be good to receive your consultation response to the emergency access to Land East of Tye Lane, Walberton (WA/18/20/DOC).

Regards,

Michael
