Dear Mr. Sullivan,

Re: Planning application REF WA/54/13/L; decision date 27 January 2014
Application for approval of details reserved by condition

I refer to our telephone conversation on 8 May 2014 concerning the above.

As background and lest it has not reached you, I enclose a copy of my letter dated 7 April 2014 to your colleague, Mr. Cronin, and enclosures. I would draw your attention to paragraph 7 of the method statement which describes the size and location of the sample panel.

As I explained, I discussed this matter with Mr. Cronin on 5 March 2014 and he informed me that the sample panel needed to be 1 metre square, hence that is precisely what our builder has produced.

Given the size and weight of the panel, it is simply not possible to transport it to your offices, let alone for the panel then to be circulated internally within your offices.

You confirmed that, in the light of this, you would instead arrange for the panel to be viewed on site.

The sample panel remains available for inspection in the driveway to the property. Please regard yourself as free to visit, unaccompanied, at any time which is convenient to you and your colleagues.

I would only add that, having re-read the relevant planning condition, numbered 4, it provides (consistently with what Mr. Cronin told me) for the sample panel to be erected "on site".

I hope all is now clear, but should you require anything further please do not hesitate to contact me either by email ([REDACTED]) or by telephone during working hours on [REDACTED].

Thank you for your assistance.

Yours sincerely,

[REDACTED]
Keith Rowley (for Mrs. Chantal Rowley)
