Subject: Fwd: #48 The Meadows Drainage Design

Dear Sir/Madam,

In regard to Planning Application WA/39/18/PL please find attached PDF documents covering drainage plans and winter ground water mentoring etc.

- 1) Design Drainage Layout
- 2) Constructional Details
- 3) Supporting Calculations
- 4) Arun DC Surface Water Drainage Proposals Checklist -- duly completed

I trust these 4 documents should be adequate to Discharge the Planning Condition. Due to unforeseen circumstances we were unable to complete this any earlier and would appreciate anything you can do to expedite this as quickly as possible so that we can push ahead with Building Controls and commence to project.

Please do not hesitate to contact me either by email [REDACTED] with any queries.

Thanks for your help to date.

kind regards
Cathy Henderson
