

**Town & Country Planning Act 1990 (as amended)**  
**Town & country Planning (Development Management**  
**Procedure) (England) Order 2015 - Article 5**  
**Application for Outline Consent**  
**DECISION NOTICE**

**Application Ref: WA/26/18/OUT**

**1 To Addressee**

P J Developments Ltd  
 2 Sqaure Chambers  
 23 High Street  
 Emsworth  
 PO10 7AQ

**2 Site Address**

Former Lanes End House  
 Adjacent to West Walberton Lane &

BN18 0QS

**3 Description of Development**

Outline application with all matters reserved for 6 No detached houses with detached garages.  
 This application is a Departure from the Development Plan.

In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions

- 1 The permission hereby granted is an outline permission under s92 of the Town and Country Planning Act 1990 (as amended) and an application for the approval of the Local Planning Authority to the following matters must be made not later than the expiration of 2 years beginning with the date of this permission:-

- (a) Layout;
- (b) Scale;
- (c) Appearance;
- (d) Access;
- (e) Landscaping.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be begun either before the expiration of 3 years from the date of this permission, or before expiration of 1 year from the date of approval of the last of the reserved matters to be approved, whichever is the later.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 3 Development shall not commence until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority.

The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, the recommendations of the SUDS Manual produced by CIRIA.

Winter groundwater monitoring to establish highest annual ground water levels and Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage.

No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies W SP1, W DM1, W DM2 and W DM3 of the Arun Local Plan. This is required to be a pre-commencement condition because it is necessary to implement the surface water drainage system prior to commencing any building works.

- 4 Development shall not commence until full details of the maintenance and management of the surface water drainage system is set out in a site-specific maintenance manual and submitted to, and approved in writing, by the Local Planning Authority. The manual is to include details of financial management and arrangements for the replacement of major components at the end of the manufacturer's recommended design life. Upon completed construction of the surface water drainage system, the owner of management company shall strictly adhere to and implement the recommendations contained within the manual.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies W DM1, W DM2 and W DM3 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition to ensure that the future maintenance and funding arrangements for the surface water disposal scheme are agreed before construction commences.

5

No development including site access, demolition or associated construction activities, shall take place on the site unless and until all the existing trees/bushes/hedges to be retained on the site have been protected by a fence in accordance with BS5837 (2012) and Section 9, to be approved by the Local Planning Authority for erection around each tree, group of trees and vegetation to a distance of 15m or to the Root Protection Area (RPA) as calculated in accordance with Table 2 of BS5837 (2012) to be agreed in writing by the Local Planning Authority. Within the areas so fenced off the existing ground must not be cultivated, nor must it be lowered or raised or added to by the importation and spreading of top soil unless agreed by the Local Planning authority. There must be no materials, temporary buildings, plant machinery or surplus soil shall be placed or stored thereon without prior written approval of the Local Planning Authority.

No trenching should occur within the protective fencing surrounding the Root Protection Area. If however there is no alternative but to locate the services then its encroachment into the Root Protection Area must be kept to a minimum and where the roots should be exposed using compressed air technology, such as the air spade to reduce damage caused by mechanical methods. If roots requiring severance to allow for the passage of services is necessary then an arboriculturist would be required to assess and determine whether the loss of the roots would be detrimental to the continued health and stability of the affected tree.

Reason: To ensure the retention and maintenance of trees and vegetation which is an important feature of the area in accordance with policy ENV DM4 of the Arun Local Plan.

**INFORMATIVE:** Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Neil Crowther  
Group Head of Planning

Case Officer: Mr J Baeza

Date of Decision:

**13 December 2018**

Arun District Council  
The Arun Civic Centre  
Maltravers Road  
Littlehampton  
West Sussex BN17 5LF

**IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT**

## APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

## PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
