Historic flintwork and brickwork boundary wall damaged by close proximity of very large Pine tree.

Adjacent garden ground levels for the property are higher than the street level and the wall is not designed to be a retaining wall. A very large Pine tree within the garden has grown and pushed the wall outwards towards the public road, and the wall is now leaning to such an extent that it is resulting in a risk of collapse of both the wall and the Pine tree, which poses a threat to life and also the neighbouring building.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
