Application ref: WA/30/20/PL

Fernleigh

Dear Mr Wood,

I write in regard to the above proposal. I have studied the application and have walked past the proposed site many times.

I am in favour of this proposal.

It is the scale of this site that is of fundamental benefit to Walberton, and village development in General. More of these moderately sized sites allow for the character of villages to develop more subtly, rather than the current large sites we have now.

There are two good footpaths adjacent, providing good access to the village, plus the design works well in the well screened site.

The adjacent development to the South also demonstrates that sites in this exact area are suitable for the increase in the good quality housing stock that Walberton is now being asked to accept.

Faithfully,

Jon Isnardi-Bruno
