Good Morning,

Just following up in regard to the emails from Tracey a week ago. Please can someone confirm by return that the plans approved against planning application WA/39/18/PL are drawing number 181260/02 Revision A (see attached), as was confirmed verbally to me 2 weeks ago. I need to resume the build, so that we can aim to be watertight before worse weather hits.

I look forward to hearing from you.

Regards
Cathy Henderson
