Dear Sir/ Madam

Re: Planning Application WA/39/22/PL

With reference to the above planning application, we have no issues with the caravans on the land. They are agricultural workers and are taken to work in the morning and return late afternoon.

There is no excess traffic at any time of day, we have no objection to the workers being housed there.

We live at the back of the land and have no problems with them what so ever.

Your faithfully

Mrs D. Boucher
