Hi Harry,

Hope you're keeping well and staying cool in the office!

Our drainage engineers are targeting the week commencing 6th July for the updated drainage information, and they've been liaising directly with Paul Cann regarding the byelaws consent. On the arboriculture side, our consultant is currently on holiday, so I haven't been able to lock down a firm date for her input just yet.

To build in a sensible buffer, could we agree on an extension date of Thursday, 30th July? Our plan is to submit everything to you in the first week or two of July, but the extra time ensures we are fully covered.

Kind regards,

Tim
