DATE OF SITE VISIT:	
RECOMMENDATION:	Advice
S106 CONTRIBUTION TOTAL:	£ N/A

Construction Management Plan (CMP)

The CMP outlines the method of accommodating delivery vehicles sufficiently within the site. The documents outline that a banksman will be present to assist larger vehicles to and from the site, however endeavours will be made to ensure that where possible smaller vehicles are used. A plan has been issued demonstrating clearly contractors' parking has been accommodated within the the site and shows the locations of material storage and deliveries. Wheel washing is to be provided at the site access and it has been stated that appropriate means for ensuring water does not drain onto the highway will be taken.

The LHA are satisfied that the condition may be discharged.
