Dear Nicola

Our heritage consultant visited the site on Monday and we should have the Heritage Statement ready today. Please do not withdraw the application. The Heritage statement will be with you very soon.

Dear Debbie

With reference to your email below, since the original application WA/5/22/PL was submitted our validation requirements have changed (see attached). As a result the HER and desk-based assessment of archaeological potential is a now requirement for this site.

You will therefore be required to submit this in order for the application to be validated.

Kind Regards

Nicky Moore

Dear Nicola

An HER search and desk based assessment was not a requirement of the previous application. This is a re-submission of WA/5/22/PL. Nothing has changed except the external materials on the houses. I therefore request that the application is registered as valid as submitted without further delay. Thank you.
