7th August 2017

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application with some matters reserved for up to 175 dwellings, new vehicular access, together with associated car parking, landscaping & community facilities to include allotments, play space & community orchard. This application is a Departure from the Development Plan & may affect the character & appearance of the Walberton Village Conservation Area.

Land East of Tye Lane Walberton

Thank you for your internet representation made on 7th August 2017 which has been recorded as '**an objection**' with the comments as follows:

I object to the proposed development of Tupperts Field. This area provides a green space between Avisford Hotel & its golf course & as such is much valued by the village, preserving its rural character. Development on this site is contrary to both Neighbourhood Plan and Local Plan falling outside built up area boundaries as already specified, having a negative effect on environment & Landscape. Arun District Council's full Council backed up Walberton Parish Council's Petition stating that the site was not suitable for development. WPC in their Neighbourhood Plan has more than satisfied the extra housing requirements imposed on it by ADC. As a fact in 2014 there were only 6 demands for council housing: I refer to ADC's Register dated 6.1.2014. This number cannot have been greatly exceeded in the succeeding three years. Walberton has a history of flooding. After prolonged heavy rain, Tye Lane, Copse Lane & Mill Lane carry surface water into The Street which floods. Any extra building on the area in question would only add to this risk. I hope you will take these objections into consideration. Walberton neither wants or needs this development.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do

not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
