Michael,

I am writing to you to object to Tuppens Field development in Walberton, as I feel this will have a negative impact on the landscape character of the village and will destroy the visual amenity of the village. It is also not in keeping with the Neighbourhood plan - which the vast majority of village residents support.

I feel the development is disproportionate in Size to the needs of the village, and am concerned that the facilities in the village will be swamped (the shop, the school, the village community Playcentre.)

Environmental factors such as flooding and increased traffic are also massive concerns for me.

I am supportive of ongoing development within the village, however the size of it needs to be proportional to the existing homes in the village, and the long lasting impact on the village should absolutely be the priority.

Please note this as a formal objection.

Thank you

Melanie Evans
28 Henty Close, Walberton
