Subject: Attention of Michael Eastham ref: WA/44/17/OUT Tupper's Field, Walberton

Sent from Mail for Windows 10

Dear Mr Eastham

I am writing to express my concern and strongest possible objection to the above planning application. Given the work already underway for extensive developments around the village and immediate surrounding area, I simply cannot understand how the development of the above area can be seen as in line with current planning criteria as set out in the Neighbourhood plan, the Local plan or indeed national guidelines (NPPF).

We all accept that further development is inevitable but this is not the right place for building more homes. Our village infrastructure cannot support the additional need for schools, doctors, and the already increase of traffic through what was a peaceful and quiet village.

Yours Sincerely

Michelle Chambers
