Subject: Temporary permission (maximum 12 months) for a single storey timber framed WC & lobby extension. - WA/44/19/PL.

Dear Zac,

Following our telephone conversation today, I confirm that the applicant wishes to withdraw the current planning application for the above address for the temporary extension which I now understand is to be removed from site to make way for the permanent structure. I would be grateful if this could be actioned.

By all means call me if you have any queries.

Kind regards,

Chris Moore
