Engineers Comments Regarding Surface Water Drainage

Given the scale of the proposed development and based on the assumption that the application may be considered equivalent to permitted development, the documents supplied as part of this application have not been assessed. We would stress the need to consider properly and bring to the applicant's attention, surface water disposal, especially in the Lidsey Treatment Catchment. If you would like a formal analysis of the application, with likely recommendations for pre-commencement conditions, then please get in touch within two weeks of this consultation, in the absence of a reply we will assume one is not required.

Kind Regards

Sarah Burrow
