Description of works: Installation of additional 30m (w) x 15m (h) of Golf protection-net fencing to southern boundary of Avisford Park Golf Club. This application may affect the setting of a listed building and is in CIL Zone 3 (Zero Rated) as other development.

OWPC84070

I thoroughly support the netting application.

The house I live in has been hit over 100 times with rogue golf balls from Avisford golf club. Damage to our cars - roof, a broken window, and damage to the pebble dash on the front of our house , We cannot sit in our garden because of golf balls hitting us. My husband was planting containers in the garden, he came in the house and a golf ball hit the decking where he had been standing. It would have killed him if he had been there and hit on the head. These balls travel at around 90mph. We have had numerous hits in the children's playground adjacent to our house. We are unable to enjoy our garden and home . It has been a nightmare..

Your views as made above will be considered before the application is determined.
