

Hi Julie

Not sure if part of this request would go to sub plans?

I'm forwarding this as you were the techy !

Mandy

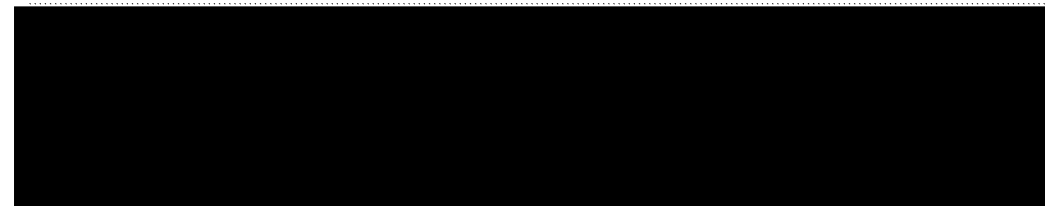

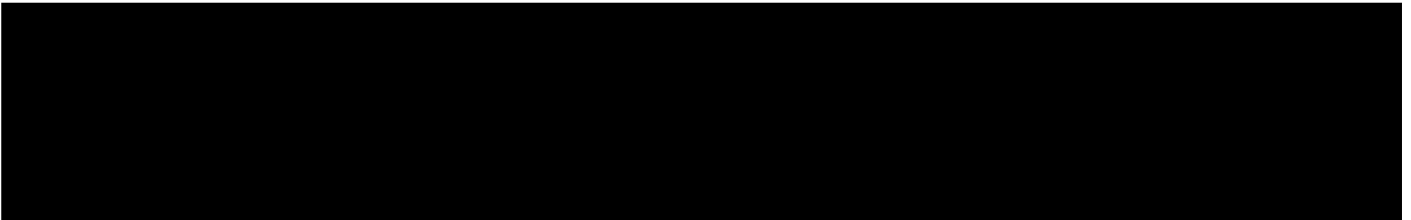

Please could you upload the attachment to the application folder WA/48/19/RES, label as Revised Design Code and received on 21 January 2020? The existing 'Design Code' (appears under Statements) will need to be renamed 'Superseded Design Code'.

Please could you also add David Innes as the Agent for the application (details highlighted below) and remove 'Mr J Richards' from the name of the applicant? The applicant remains Dandara Ltd (Southern).

Many thanks

Ray

Afternoon Ray

I believe you have been made aware by Dandara that I will now be the planning consultant on the Fontwell proposal. I am sure we will meet very soon - your colleagues know me too well from the couple of years I was a consultant for Arun.

Following your email please find attached the updated Design Code for your consideration and for uploading to the planning portal. WA/48/18/RES & WA/41/19/DOC condition 7 - Design Code.

As Chris Harrison mentioned we are in the process of collating the package of information that we intend to submit in the next couple of weeks to address the points raised by you and consulted. Specifically this will include the drainage strategy and the amended layout as discussed with you in December.

Should you wish to discuss further please do not hesitate to contact me.

Can you please update the application record to reflect the change of agent from John Richards to myself. Details below.

Regards
