Dear Mr Brown,

I have started looking through your lawful development certificate. I note there is very little supporting information to evidence the works undertaken which are required in submissions of this nature.

Do you have any photographs of the completed works and invoices for work done regarding installation of gas, water and electricity services and receipts for materials used?

These would be a useful base to demonstrate the development has been commenced. Please can you provide this information within the next 2 weeks or the application is likely to be refused given the lack of supporting evidence.

Regards

Anita Gardner
