this is reply to planning ref above

i am disgusted this has gone through , considering the fact of the ancient lane, which is over run with drivers using lane as a cut through , this will make this lane so dangerous

i came ti live here for the fact it was in the country , we will lose our wild life due to this bad planning , privacy will be a big issue , as i feel very strongly about the loss of this , the ancient woodland which gas rare fauna and

also wildlife also will be at risk
the flooding aspect also and considering they never did their homework in winter then that needs to be addressed
the scale if this is ridiculous , and on an ancient lane
absolutely no thought has been to preservation, apart from a pathetic black cloth around edge of field , this is called covering their backs not conservation
the total lack of judgement on arun is a disgrace, what was a pretty that was all the. villages is now a sprawling mass of very badly built homes , you only need to talk to the ones in fontwell meadows
raging damp loads of floods in car parks
finishing on housing a disgrace
and this won't be any different ,
this area is a quiet area , this will cease when this development goes through
hang your heads in shame arun for the complete over development of our area
