Reference: **Fairmead Farm WA/54/19/NA/A**

We understand that an application for amendment to Fairmead Farm WA/54/19/NA has been put forward to 1) change the color of the building from green to anthracite grey, which will not blend into the landscape, and 2) change the hay and straw storage from open bay to roller shutter. We object to these changes because it demonstrates that the Osbourne's intend to use the area for their contract agricultural business which has been denied.

As this property is directly adjacent to our property, we renew our objections to the proposed development and usage of Fairmead farm.

Thank you for your consideration.

Christopher and Maggie Alexander
