Subject: RE: WA/57/17/PL Balcony screening - 1 and 2 Stafford Cottages

Good morning Anita,

By my investigation, I can say that the gap between the vertical metal post and the glass is approximately 22mm.
Amended drawings attached.

Kind regards,
Russell McCourty ACIAT
Associate Director

Dear Russell,
I have started to look through the above application with a view to getting it onto the October committee agenda . I note that the 1:20 balustrade elevations do not coincide with submitted photographs. There is a gap around the

glazing which is not detailed on the submitted elevations. This will need to be amended prior to Committee on 18-10-2017.

Without prejudice, I would also appreciate your agreement to an extension of time until 20-10-2017 to allow time for the application to be considered at the Committee and for the decision to be issued subsequently.

Regards

Anita Gardner
