Thank you for your internet representation made on 8th October 2020 which has been recorded as an objection with the comments as follows:

OWPC30175

Traffic noise from the A27 never used to be audible in the house or garden. Now A27 traffic noise is audible every day. The only thing that has changed in the area is the construction of these houses. Could the case officer liaise with a noise expert to see if the development is the cause of constant A27 traffic noise being heard now in The Street. If there is a causal link then can you make the developer put in some mitigation against the noise, especially if the number of houses is being increased? Thank you.

Your views as made above will be considered before the application is determined.
